

REMARKS/ARGUMENTS

Claims 1-17, 19 and 20 are pending in this application. Claims 1-14 and 19-20 are allowed. Claim 15 is rejected. Claims 16-17 are objected to. Claim 15 has been amended. Claims 16 and 17 are canceled. New claim 21 is presented for examination. Further consideration is requested in view of the above claim amendments and the following remarks.

Claim 15 stands rejected under 35 USC 103(a) as being unpatentable over Nilsson et al (US 2003/0099216) in view of Huang et al (US 6,385,185) and further in view of Jamal et al (US 5,533,067).

In view of the objection to claims 16 and 17, claim 15 has been amended to include all of the limitations of claim 16. New claim 21 presented for examination represents the combined limitations of claim 15 and claim 17. No new matter has been introduced into claim 21 as proper support is found in the claims as originally filed. Claims 16 and 17, in turn, are both canceled.

Claims 1-17 and 19-21 are deemed to be allowable for the reasons given above, and all rejections and objections are deemed to have been fully addressed by this Amendment.
